Features & Benefits

- The ONLY Baby Cereal with probiotic *B.lactis**, which contributes to a healthy gut flora
- 13 essential nutrients, including iron and calcium, which aid in your baby's normal growth
- Each serving provides 100% of baby's daily value for iron, which contributes to normal cognitive development
- No added salt[‡]
- No preservatives, artificial flavours or colours.

Easy to prepare:

1. Measure 5 tbsp of cereal into a bowl.
2. Stir in slightly more than 1/3 cup (90 ml) of previously boiled, lukewarm water to create a smooth consistency.

* 1 billion B. lactis per 28g serving

‡ All cereal-based foods for babies under 12 months should not contain added salt

Products highlights

Our Stage 2 Multigrain Oatmeal Baby Cereal is an excellent source of essential nutrients, including iron, thiamine, niacin and riboflavin, for little ones six months and older.

You'll feel good knowing each 28 g serving contains iron, which supports normal cognitive development, and calcium, which helps build strong bones and teeth. Plus, it contains probiotic B. lactis, which helps support a healthy gut flora and normal immune function**. Made with five yummy grains (wheat, barley, oat, corn and rice), our Multigrain Oatmeal Baby Cereal is a great way to introduce new flavours and textures to your little one.

As for what to mix with baby cereals before serving, since our cereals already contain milk, all you have to do is add water for quick, super convenient and wholesome goodness. They're made with no added sugar or salt^, and with no preservatives, artificial colours or flavours. Pair with a veggie or fruit purée for extra nutrition.

*All cereals excluding GERBER Multigrain Yogurt Apple Pear Banana (Stage 3).

**By maintaining the specific natural digestive tract antibody immunoglobulin A (IgA), which may help support clinical outcomes of normal gut immune function.

^All cereal-based foods for babies under 12 months should not contain salt
