Features & Benefits

Immune Support

The only toddler drink with probiotic *B. lactis* (BB-12®), a good bacteria that helps support immune function* and a healthy gut flora.

Brain & eye support

DHA is an Omega 3 fat that supports normal physical brain and eye development‡.

Supports growth & development

With 27 nutrients, including iron, calcium, and vitamin D, which help support your toddler's normal growth & development. Iron helps support normal cognitive development in toddlers and young children. Calcium and vitamin D helps build strong bones and teeth.

NESTLÉ® GOOD START® 3 is a milk-based nutritional supplement for children from 1-3 years, and can be part of a healthy, balanced diet. Not intended for infants under 12 months of age.

* By maintaining the specific natural digestive tract antibody A (IgA), which may help support clinical outcomes of normal gut immune function.

‡Primarily in children under 2 years..

BB-12® is a registered trademark of Chr. Hansen A/S.
